

Honour code

Our mission at ExploreAI Academy is to equip our students with future-proof skillsets to launch their careers and lives. By enrolling in a programme through ExploreAI Academy, you are joining our community of data professionals who are committed to maintaining an environment that encourages intellectual and personal growth. We depend on your attitude and motivation to learn and do so with integrity and honesty.

Honour code pledge

By enrolling in an ExploreAI Academy programme, I agree that I will:

- Only submit my own original work on trains, tests, and projects, unless collaborative submission is explicitly permitted.
- Only use my own learning management account and not let anyone else use my username and/or password.
- Not engage in any activity that would dishonestly improve my results or damage the results of others, including plagiarism or any other form of cheating.
- Not share solutions to problems, tests, and/or projects that are being used to assess academic performance.
- Engage with ExploreAI Academy teachers and partners when and where I need academic or administrative support.
- Abide by any and all requirements of ExploreAI Academy with professionalism, honesty, and the ExploreAI values.

Your duties

By accepting this honour code, you are duty-bound to report any violations of the honour code. To report any breaches, please raise your concerns with the class supervisors. Honour code violations will be determined at the sole discretion of ExploreAI Academy.
